Dear Sir,

By: PP Time: 12:33

Greetings of peace and excellence!

Sir, with reference to the CHED Memorandum dated October 8, 2018, the AimSkills World Management Training Center will be holding the **2019 International Professional Development Program on Early Childhood Education: Infusing Evidence Based Critical Thinking In The Design of Early Childhood Program Operations and Instructions at the Hotel Supreme, Baguio City on following schedules:**

3<sup>rd</sup> Batch: April 25-27, 2019

4<sup>th</sup> Batch: May 06 - 08, 2019

In this light, may we take this opportune time to request your most august office to kindly endorse our CHED Memorandum for your early childhood education teachers (Public and Private Kindergarten Teachers) to attend this training program. We are rest assured that your teachers will learn substantial information from AimSkills. This training is designed to help structure evidence based early childhood early learning frameworks and practical tools and concepts in maximizing and upholding quality childcare services and quality learning outcomes that will add fuel to excellent academic learning centers.

A registration fee amounting to Seven Thousand Eight Hundred Fifty Pesos (P7,850) will cover seminar/workshop fees, all instructional materials, seminar kit bag and certificates, 2 night, 3 day hotel accommodation, 7 meals, 4 snacks and brewed coffee served during the whole duration of the training.

Thank you very much in anticipation of your favorable response on this humble request.  
Mabuhay and God bless!

Warmestly,

*Minerva S. Casallo*

**AIMSKILLS LEADERSHIP** is to Help Participants Make A Difference... Every Daycare Center/School Today Requires  
Excellent Officers/ Teachers Using Evidence Based Strategies that Works Best in Teaching. Our Center is Poised to  
Make A Difference in the Community. We Produce Participants Unmatched Anywhere in the Country.... To Be  
EXPERT TEACHERS, Not Only "Best Teachers". We are Diverse in Our Outlook... But With Fierce Desire to Discover  
What Works Best. AimSkills Has Been A Key Part of What is Right About Education. .

**THE MAIN GOAL** of this program is to encourage teachers/professors to adopt innovations toward teaching of evidence-based instruction across the curriculum. Evidenced-based practices are those "effective educational strategies supported by evidence and research. When teachers use evidence-based practices with fidelity, they can be confident their teaching is likely to support student learning and achievement. Teachers also use formative assessments to monitor the effectiveness of their teaching practice and make modifications as necessary.

**THE WORKSHOP** Will provide you with innovative frameworks and practical tools for driving evidence based strategies using critical thinking approach in teaching YOUNG CHILDREN to take command of their reasoning, to help children think better using creative /scientific evidence that works best, assess child reasoning and maximize class participation. It will also tackle leadership initiatives for early childhood decision management and evidence based leadership in ECE. with bottomline objective which is to strengthen and uphold children's quality education.

**MAKE A DIFFERENCE** If they can create a classroom of bright thinkers and reasoners, a whole classroom engaged with maximum learning and student participation. Effective teaching is the single biggest determinant of student improvement in the school. Teachers not only have a direct impact on student achievement but also student engagement and motivation for learning. What teachers do in the classroom and how they interact with students is vital. There is no doubt that teachers make a difference to how well their kids do at school. However, when you explore the thousands of research studies on the topic, it is apparent that some teaching strategies have far more impact than other teaching strategies do. There should be a fierce hunger for reliable evidence about what works best.

**THE CHALLENGE** As global competition in education accelerates, every single school today requires best teachers with credibility in teaching using evidence based teaching strategies using critical thinking approach in teaching to take command of inspiring every student's thinking and quality reasoning. We are witnessing an intersection of great challenge and great opportunity. At the moment, for too many students lack access to a high quality education, still others are unable to achieve their full potential.

Mr./Mr./Mrs. \_\_\_\_\_

January 20, 2019

Dear Ms/Mr./Mrs. \_\_\_\_\_

Regardless of what professional industry you belong to, as long as you have leadership responsibility to uphold high quality education of young children/childcare services/ and whether you are a government officer, teaching in daycare centers/ public /private preschools you will understand the impact of early childhood education and it's required leadership. Government employees are welcome to learn about leading early childhood initiatives. Designed to help you structure and execute evidence based early childhood culture and leadership, and classroom teaching as well, this program will provide you innovative frameworks and practical tools for driving academic excellence and long term growth of your daycare centers and preschools.

Given your role, you are in an ideal position to benefit from AimSkills 2019 Training Program that best meets your needs. Please share the same information to others who will benefit from attending. I encourage you to contact us at **09212597237/09054741381/** and apply for our program/conference. Thank you for your interest. God bless us all!

  
Minerva Soriano Casallo  
AimSkills Director
