DIR. MALCOLM S. GARMA
Regional Director
Department of Education – Regional Office 1
City of San Fernando, La Union

Dear Dir. Garma:

Greetings!

This is in relation to our forthcoming Regional Invention Contest and Exhibits which is scheduled on September 17-21, 2019 during the celebration of the Regional Science and Technology Week, to be held at the Student Center of the Mariano Marcos State University in the City of Batac, Ilocos Norte.

We would like to inform you that we are pushing through with the Division Level Invention Contest, as initially proposed, to select the entries that will vie for the regional level competition. However, considering the many activities in the Divisions indicated by the Science Supervisors during our meeting with them last May 30, the evaluation will be confined to document evaluation by a selected panel of judges.

In this regard, we would like to enjoin our public and private secondary schools to participate in the division level competition. A Regional Memorandum, in this regard, will be much appreciated.

We have set the deadline for the submission of entries on August 15, 2019 to the respective DOST Provincial Offices. The corresponding number of winners will be selected based on the size of the divisions as established. We will provide Certificates to the coaches, participants and participating schools and medals to the winners in the Division. An official report on the results of the contest will also be submitted.

Thank you very much.

Very truly yours,

ARMANDO Q. GANAL, Ph.D.
Regional Director
