DepEd REGIONAL OFFICE 1

RECEIVED

SEP 05 2019
09-0242

Dear Dr. Garma:

Subject: 3rd National Science and Engineering Fair Philippines

Time: 10:00

A pleasant day to you!

In support to the thrust of the Department of Education's STEM curriculum programs in cultivating a nation full of critical thinking and problem solving citizens through holistic learning and standards-based education, the STEM Hub, a premier institution which focuses on STEM Education, research and education programs would like to seek for your endorsement for the 3rd National Science and Engineering Fair (NSEF) Philippines to be held at the Teachers' Camp, Baguio City on January 31-February 2, 2020.

The program aims to create a culture of research in the nation and bring about opportunities for learning and collaboration among the students and teachers. We are inviting elementary pupils, high school students and teachers to join us in the biggest science research fair of the year for basic education. For the past two years, we have already produced more than 300 scientific research from more than 1,000 participants from all over the country with a strong vision to address both societal and environmental problems through research. This event would give the proponents and research enthusiasts an opportunity to share their new knowledge and discoveries to a much bigger audience for the benefit of the society and the public.

We respectfully seek for your usual support by helping us reach students and teachers who have great interest in the field of scientific and multidisciplinary research. Hoping that with your support, we could be able to create a civilization filled with scientific minds that have greater appreciation and desire to improve the lives of the human beings, the society and the environment.

Attached are the details of the events as well as the program matrix for reference.

Thank you very much!

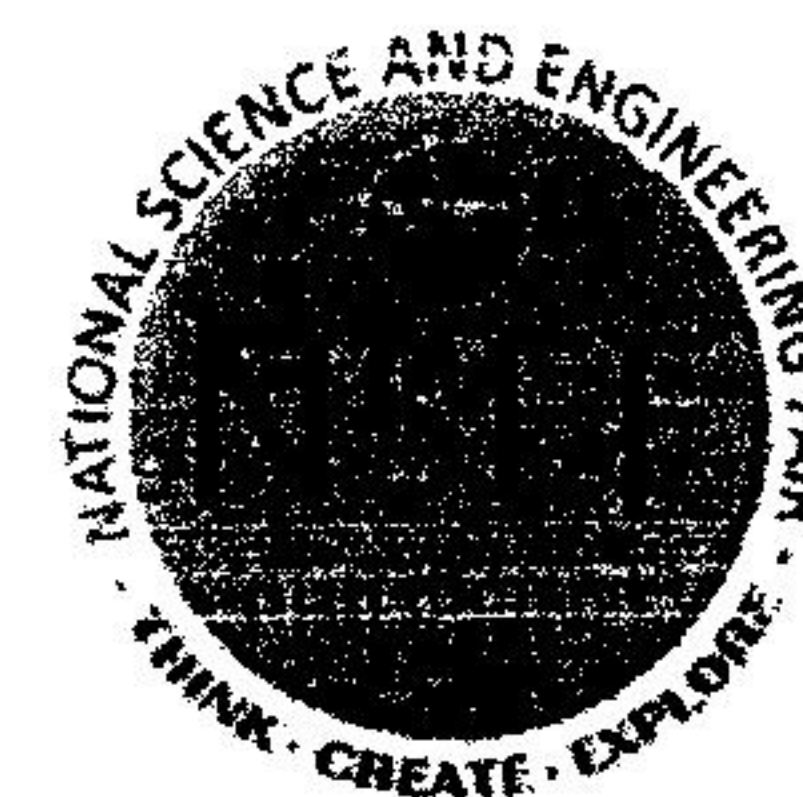

Sincerely,

JOSEPH R. JACOB, LPT, MBA, MAEd, FRIEDr
Founder, NSEF Philippines

3RD National Science & Engineering Fair 2019 PHILIPPINES

January 31-February 2, 2019, Teachers Camp, Baguio City
